

REMARKS

By this response, claims 1-7, 13, and 19-21 are canceled, and claim 18 has been amended to correct a topographical error and not for reasons of patentability. Claims 22-28 are new for which protection is desired. As support for the newly added claims is provided for by the specification and drawings as originally filed, no new matter has been entered. Accordingly, claims 14-18 and 22-28 are pending in this application.

In the Office Action, the Examiner has allowed claims 14-18. In view of this indication, claims 1-7 and 19-21 have been canceled making the rejections moot. The newly submitted claims since depending from allowed independent claim 14, are also believed allowable. Accordingly, the Applicants believe that all the pending claims are in condition for allowance. The Examiner is encouraged to contact the undersigned to resolve efficiently any formal matters or to discuss any aspects of the application or of this response.

Respectfully submitted,
DINSMORE & SHOHL, LLP
